

Pease pudding hot: Song

20

BEAT	RHYTHM	PITCH
------	--------	-------

Pease pud - ding hot. Pease pud - ding cold.

Pease pud - ding in the pot nine days old!

Body percussion game showing the melodic shape and rhythm.

Pease = tap head with both hands

Pudding = tap shoulders right then left

Hot/Cold = tap head with both hands

Rest = hold out arms to the side, palms up

In the = tap head twice/ **pot** = tap both shoulders

Nine= tap head/**days**= tap shoulders/**old**= tap knees

Line game. The children stand in two lines with everyone facing a partner in the opposite line.

One line sings the first two bars showing the actions as above but jumping towards the other line in the rest. The other line does the same for bars three and four. During bars five and six everyone makes arches and the top couple run through the arches to the other end. During bars seven and eight everyone shows the actions as above jumping back to their original place during the rest.

Guess the song!

There is a new rhythm pattern in **Pease Pudding Hot** that we have not yet done. Some of the rhythms are the same as songs we have done before but one is new – can you work out what the rhythm names would be for the third line? The new rhythm can be found on one of the rhythm cards.

Pease pudding hot = *ta tete ta* (Z)

Pease pudding cold = *ta tete ta* (Z)

Pease pudding in the pot = ?

Nine days old = *ta ta ta* (Z)

*Can you remember what a CANON is?
Can you try singing **Pease pudding hot** in
canon? The second part starts after two
beats.*
